Introduction

ARDOT Mission

The mission of the Arkansas Department of Transportation (ARDOT) is to provide safe and efficient transportation solutions to support Arkansas' economy and enhance the quality of life for generations to come.

The following ARDOT Americans with Disability Act Transition Plan (Transition Plan) is intended to serve as a guide to further the mission, vision, and core values and goals of ARDOT.

ARDOT ADA Transition Plan Objective

The purpose of the Transition Plan is to provide ARDOT staff, state and local partners, and the citizens of Arkansas, ARDOT's policies, procedures, and practices to fulfill the requirements of Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act (ADA) of 1990. Additionally, this Transition Plan provides information about ARDOT's efforts to ensure equal accessibility to ARDOT programs and services as well as outlining ARDOT's ADA compliance commitment in its programs, services and activities for public rights of way accessibility.

Background and Requirements

Section 504 of the Rehabilitation Act makes it illegal for the federal government, federal contractors and state and local governments receiving federal funds to discriminate on the basis of disability. It requires state and local governments ensure persons with disabilities have equal access to any programs, services or activities receiving federal funding. It also requires them to ensure their employment practices do not discriminate on the basis of disability.

ADA <https://adata.org/learn-about-ada> prohibits discrimination against people who have disabilities. Title II of the ADA specifically addresses the subject of making public services and public transportation accessible to those with disabilities. ARDOT is required to ensure the public has access to all programs, facilities and services provided by our agency. [28 C.F.R. § 35.150].

There are Five (5) Titles of ADA:

Title I Employment

Title II State & Local Governments (28 CFR Part 35)

Title III Public Accommodations (retail, commercial, sports complexes, movie theaters, etc.) (28 CFR Part 36)

Title IV Telecommunications

Title V Misc., including requirements for the U.S. Access Board to develop design guidelines

ADA Title II applies to state and local government entities, and, in subtitle A, protects qualified individuals with disabilities from discrimination on the basis of disability in services, programs, and activities provided by state and local government entities. Title II extends the prohibition on discrimination established by section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794, to all activities of state and local governments regardless of whether these entities receive Federal financial assistance.

ARDOT is required to assess our programs, facilities and services for accessibility, identify any possible barriers, and to create and implement a transition plan to address any deficiencies. [28 C.F.R. § 35.105].

To accomplish these objectives, ARDOT will take the following actions:

1. Identify physical obstacles in facilities, curb ramps and sidewalks that limit the accessibility of its programs or activities to individuals with disabilities.
2. Describe in detail the methods that will be used to make the facilities, curb ramps and sidewalks accessible.
3. Specify the schedule for taking the steps necessary to achieve compliance during each year of the transition period.
4. Identifying ARDOT ADA Coordinator who will be responsible ADA compliance.
5. Develop a grievance procedure to review complaints.
6. Initiate public involvement and community awareness.

ADA Coordinator

The role of the ADA Coordinator is to manage all programs and policies related to compliance with the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, Title II, Title VI, and other federal and state laws associated with regulations for persons with disabilities. The ADA Coordinator will serve as the primary contact for all public outreach pertaining to discriminations against persons of disabilities.

Joanna P. McFadden Section Head- EEO/DBE (ADA/504/Title VI Coordinator) Arkansas Department of Transportation 10324 Interstate 30 P.O. BOX 2261 Little Rock, AR 72203 Phone: 501-569-2298 Email: Joanna.Mcfadden@ardot.gov	Isaac Hill EEO Specialist (ADA/Title VI) Arkansas Department of Transportation 10324 Interstate 30 P.O. BOX 2261 Little Rock, AR 72203 Phone: 501-569-2235 Email: Isaac.Hill@ardot.gov
---	---

Non-Discrimination Policy

The Arkansas Department of Transportation (ARDOT) complies with all civil rights provisions of federal statutes and related authorities that prohibit discrimination in programs and activities receiving federal financial assistance. Therefore, ARDOT does not discriminate on the basis of race, sex, color, age, national origin, disability, religion (*not applicable as a protected group under the FMCSA Title VI Program*), LEP, or low-income status in the admission, access to and treatment in ARDOT's programs and activities, as well as the ARDOT's hiring or employment practices. Complaints of alleged discrimination and inquiries regarding the ARDOT's nondiscrimination policies may be directed to Joanna P. McFadden, Section Head - EEO/DBE (ADA/504/Title VI Coordinator), P. O. Box 2261, Little Rock, AR 72203, (501) 569-2298, (Voice/TTY 711), or the following email address: Joanna.McFadden@ardot.gov

See Appendix A

This notice is available from the ADA/504/Title VI Coordinator in large print, on audiotape and in Braille.

Grievance Procedure

The ADA Complaint Form is found below, or on the ARDOT website at the following link: [ADA Complaint Form](#). Download, Print and complete the form by including all necessary information. The form is also available upon request. **See Appendix B**

In order to process a complaint, a formal complaint must be filed within 180 days of the occurrence of the alleged discriminatory act. Assistance is available upon request by contacting ARDOT EEO/DBE Section at (501) 569-2235.

Once the form is completed, you can return the form to:

Arkansas Department of Transportation
EEO/DBE Section
Attn: Joanna P. McFadden (ADA/504/Title VI Coordinator)
10324 Interstate 30
Little Rock, AR 72209

Public Involvement and Awareness

An integral part to the continuing success of meeting ARDOT's ADA/504 compliance is the voice of the community. ARDOT will ensure that the public is informed and given the opportunity to provide comments or concerns by using the online survey. The Transition Plan is available for public viewing on the ARDOT website <https://www.ardot.gov/divisions/equal-employment-opportunity-disadvantaged-business-enterprise/ada/>.

ARDOT will make a good faith effort to solicit input regarding the Transition Plan to organizations for review and comments throughout the year by way of the [Public Comments](#) button. A "living" list of public organizations will be contacted and listed as ARDOT completes the signal inventory for the state highway system, curb ramps and sidewalk inventory.

Another means of keeping the public informed of pertinent information, upcoming events, and new projects is through social media. Our Public Information Section maintains updates to ARDOT's various social media accounts and can be accessed by the following links:

- Twitter- <https://twitter.com/myARDOT>
- Vimeo- <https://vimeo.com/myardot>
- Flickr- <https://www.flickr.com/photos/ahtd>

Training

An essential component of ARDOT's compliance effort is training. The ADA/504 Coordinator will work with the Interdisciplinary (ID) Staff to develop and deliver targeted training to ARDOT staff and associated stakeholders as needed.

ARDOT ADA History

In 2011, a committee was formed of representatives from various divisions. The initial Transition Plan was created and implemented. Facilities, Welcome Centers and Rest Areas were evaluated and a list of improvements was recognized. The EEO Section Head served as coordinator of the committee, and a representative from the Legal Division served as chair of the committee. The Facilities Manager was responsible for ensuring all updates were completed. See [Appendix C](#) for [Welcome Centers & Rest Area locations](#)

The self-evaluation plan consisted of each Division completing self-evaluation questionnaires about its programs which include public involvement and its facilities which may require public access. It also consisted of a review of all of our facilities and properties to ensure compliance with all ADA accessibility requirements. All facilities, policies, and communications were assessed to ensure compliance with Title II of the ADA. [2011 ADA Transition](#)

See [Appendix D](#) for ARDOT Headquarters Main Campus, including all Annex Buildings, and District Headquarters locations.

Self-Evaluations

Commencing spring 2019, ARDOT is presently in the process of reassessing its facilities, welcome centers and rest areas to ensure continual compliance with ADA. In addition, curb ramps and sidewalks are being assessed to determine ADA compliance. Data collected will be inventoried and integrated into the development of a schedule for necessary improvements.

ARDOT's Transportation Planning and Policy Division in cooperation with the Maintenance Division completed the state highway system traffic signal inventory utilizing the roadway imaging and Fugro's Surveyor software provided by the System Information and Research Division. This was done to satisfy a portion of the traffic control inventory as well as to identify areas where ADA ramps and sidewalks could be present.

Additionally, ARDOT purchased a software called Intersection Manager from RIZING, formally Transcend Spatial Solutions late 2017. This software works with the All Road Network of Linear Referenced Data (ARNOLD) or the Linear Referencing System (LRS) at ARDOT. Through the Office of Safety under FHWA, each state must have an inventory of intersections across the public road system. This software identifies the intersection location, generates approach segments, and applies a unique id for the intersection and allows intersections to be

added or retired as the system changes. Each intersection also has the following attributes: approach angle, traffic control, junction geometry and average daily traffic. Having the intersection locations identified is a major step towards maintaining information related to the ADA curb ramp inventory .

Currently, the following collections and inventory are in process:

1. A signal inventory has been completed for the state highway system (see Appendix E)
2. The Transportation Planning and Policy Division contracted with Fugro beginning in July of 2020 to collect locations of all curb ramps in the right-of-way of the state highway system. The attributes that are collected with each location include:
 - Unique ID
 - RouteID (ARNOLD compliant)
 - Direction (logged direction/anti-logged direction)
 - Mile (ARNOLD compliant log mile location of ADA ramp)
 - Ramp Type
 - TruncatedDomesPresent
 - SideOfRoad
 - ImageLink (pic or ramp from camera image)
 - Latitude
 - Longitude
 - Comments

Approximately 50,000+ ramps were located and the methodology to gather additional required attributes such as size, slope and condition is currently being considered and tested as the self-assessment process moves forward. ARDOT will also be establishing a rating based on a set of established requirements to calculate the percentage of compliant vs non-compliant curb ramps.

3. Sidewalk inventory in the right-of-way along the state highway system has been captured utilizing orthoimagery and video image collection. Approximately 290 mile of sidewalk were captured during this process. While this gives the location of the sidewalks, the methodology to report condition and compliance is currently under review. (see Appendix F)

Physical onsite field inspections will be done as necessary to identify required attributes and current condition. Once collection efforts are complete, all inventoried items will be available for access at <https://www.ardot.gov/divisions/equal-employment-opportunity-disadvantaged-business-enterprise/ada/>

Non-compliant ADA items will be categorized by priority for review.

Example of Prioritization:

Priority	Criteria
1-High	Complaint has been filed or known accident/injury has occurred.
2-High	Barrier located within 2 blocks of a hospital, retirement facility, medical facility, parking garage, major employer, disability service provider, event facility, bus/transit stop, school, government facility, public facility, park, library, or church, based on field observations.
3-Medium	Barrier located OUTSIDE of 2 blocks of a hospital, retirement facility, medical facility, parking garage, major employer, disability service provider, event facility, bus/transit stop, school, government facility, public facility, park, library, or church, based on field observations.
4-Medium	Additional accessibility needs are warranted.
5-Low	Existing sidewalk, curb ramp, or facility needs maintenance.

Methods and Steps to Remove Barriers

Based on the scope of each project, construction or repairs will be the responsibility of ARDOT and or assigned Contractor(s) using Public Rights-of-Way Accessibility Guidelines (PROWAG) <https://www.access-board.gov/guidelines-and-standards> or Americans with Disabilities Act Accessibility Guidelines (ADAAG) guidelines [2010 ADA standards](#)

Work will be staged to minimize both pedestrian and vehicle traffic on all highways and intersections that are the responsibility of ARDOT. As previously stated, ARDOT facilities are in the process of being reassessed to assure they remain ADA compliant.

Implementation Plan

In addressing ADA-specific compliance, ARDOT will provide the funding of curb ramps and sidewalks on new projects within its jurisdiction; and or rehabilitation/widening/reconstruction of existing roadway projects.

Funding and approximate budget assignment will be decided based on the scope of each project. As previously stated, ARDOT is in the process of collecting or maintaining inventory of the following:

1. State highway system signal inventory;
2. State highway system pedestrian ramps; and
3. State highway system right-of-way sidewalk inventory

Funding

A matrix will be available listing the amount of funding allocated to each program annually or within a 3-5 Year project timeframe (facilities, signals, curb ramps and sidewalks).

Example 1 of Future Funding Allocation:

Implementation Schedule

Type	Estimated Cost	Implementation Schedule (Years)	Approximate Budget	Priority
Sidewalks				
Signal Intersections				
Welcome Centers				
Rest Areas				

Example 2 of Funding Allocation: (based on STIP)

District	Job Number	Location	Description	2020_2022 Fund Allocation	Priority
1			Sidewalk Improvements		
2			Traffic Signal Push Button		
3			Curb Ramp		
4			Curb Ramp		
5			Curb Ramp		
6			Curb Ramp		
7			Curb Ramp		
8			Curb Ramp		
9			Curb Ramp		
10			Curb Ramp		

Progress Monitoring

ARDOT will annually review construction projects and track ADA compliance to ensure standards are up to date according to Title II [2010 ADA standards](#). Reviews will be done by:

- Physical onsite field inspection
- GIS Mapping/Aerial photography

Curb ramps that are in need of construction will be constructed in compliance to all codes and standards.

Conclusion

The Transition Plan is a living document and will be updated annually to reflect ADA program project, public involvement listing ([Appendix G](#)) and process updates as well as report on the progress of the ARDOT's statewide ADA compliance for our facilities and rights-of-way.

Appendix A: Policy Statement

ARKANSAS DEPARTMENT OF TRANSPORTATION

TITLE VI / ADA NONDISCRIMINATION PROGRAM POLICY STATEMENT

The Arkansas Department of Transportation (ARDOT) policy ensures nondiscrimination compliance, on the grounds of race, color, national origin, age, sex, religion (*not applicable as a protected group under the FMCSA Title VI Program*), disability, limited English proficiency (LEP), or low-income status as provided by Title VI of the Civil Rights act of 1964 and related Nondiscrimination authorities.

The following nondiscrimination statutes and authorities include but are not limited to:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C § 2000d et seq.);
- Section 162 (a) of the Federal-Aid Highway Act of 1973 (23 U.S.C. § 324 et seq.);
- The Age Discrimination Act of 1975, as amended (42 U.S.C. § 6101 et seq.);
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.);
- Americans With Disabilities Act of 1990;
- The Civil Rights Restoration Act of 1987;
- 49 CFR Part 21;
- 23 CFR Part 200;
- 49 CFR Part 303
- USDOT Order 1050.2A;
- Executive Order # 12898 (Environmental Justice);
- Executive Order # 13166 (Limited-English-Proficiency).

No person will be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any ARDOT program or activity. Every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs and activities are federally funded or not. The ARDOT's sub-recipients, grant recipients, and contractors must also comply with this policy.

The ARDOT's Civil Rights Officer and program areas must work closely to implement their mutual Title VI nondiscrimination program responsibilities. Therefore, each program area will take full responsibility for preventing discrimination and ensuring nondiscrimination compliance in all of the ARDOT's programs and activities.

The Director signs assurances and delegates full authority to the Title VI/ADA Program Coordinator to oversee and implement Title VI and ADA regulations.

Appendix B: [ADA Complaint Form](#)

ADA Complaint Form

The Americans with Disabilities Act (ADA) of 1990 prohibits discrimination against people who have disabilities. Title II of the ADA specifically addresses the subject of making public services and public transportation accessible to those with disabilities. Title II provides that, "No qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity."

Title 42 U.S.C. Section 12131

Please provide the following information necessary in order to process your complaint. A formal complaint must be filed within 180 days of the occurrence of the alleged discriminatory act. Assistance is available upon request. Please contact ARDOT EEO/DBE Section at (501) 569-2235.

Complete this form and return to:

Arkansas Department of Transportation
EEO/DBE Section
Attn: Joanna P. McFadden, Section Head
10324 Interstate 30
Little Rock, AR 72209

Complainant's Name: _____

Address: _____ City: _____

State: _____ Zip Code: _____

Telephone (Home): _____ Telephone (Work): _____

Person(s) discriminated against (if other than complainant)

Name: _____

Address: _____ City: _____

State: _____ Zip Code: _____

Telephone (Home): _____ Telephone (Work): _____

What is the discrimination based on?

☐ Disability

Date of the alleged discrimination: _____ Location: _____

Agency or person that was responsible for the alleged discrimination: _____

Have you filed this complaint with any other Federal, State, or local agency? If so, whom? _____

What remedy are you seeking? _____

List names and contact information of persons who may have knowledge of the alleged discrimination.

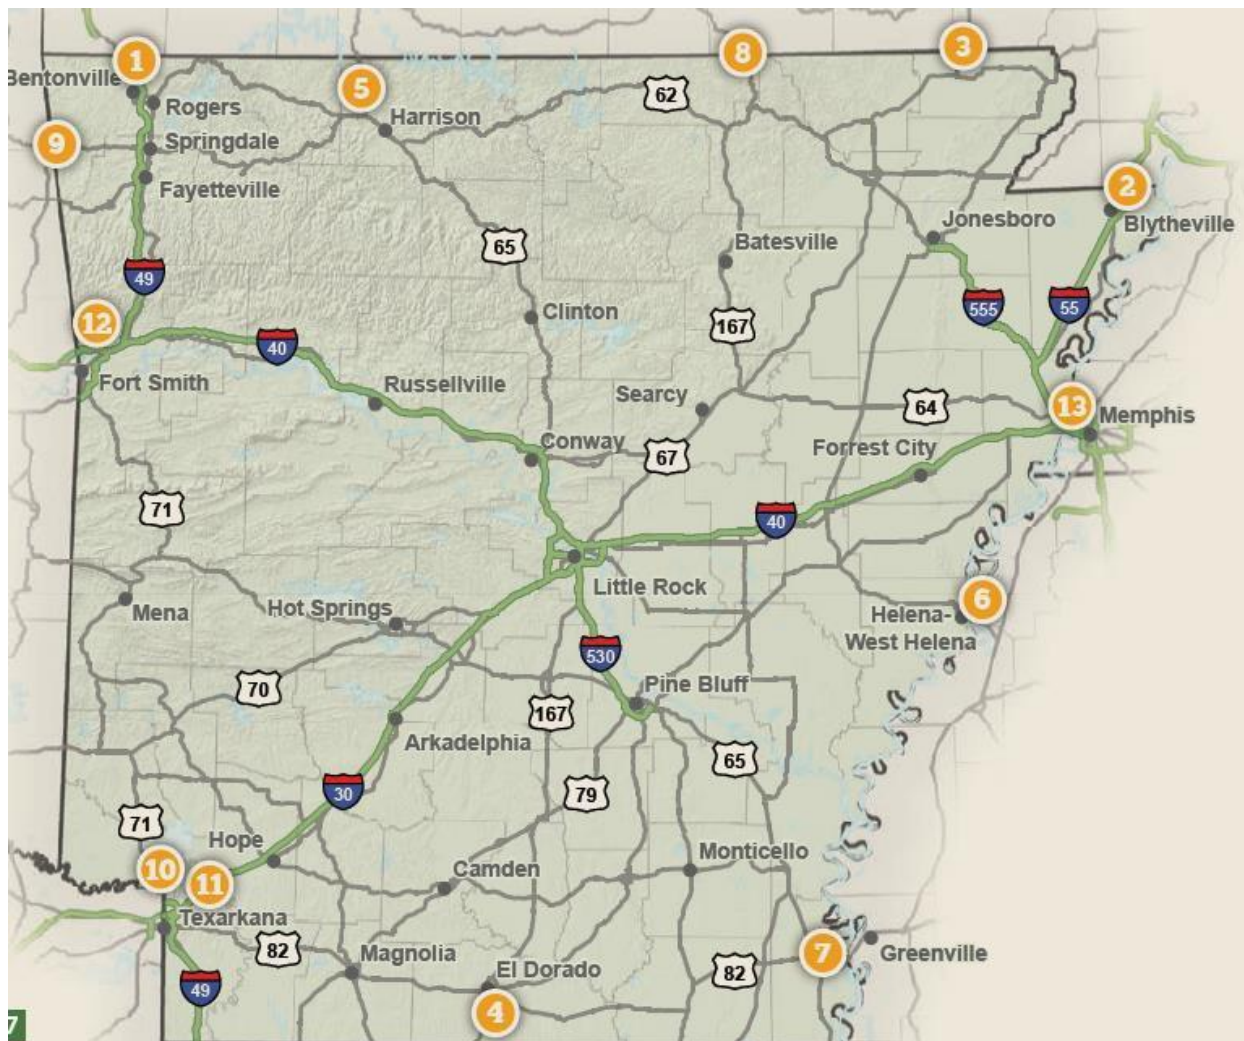

Describe the alleged discrimination. Explain what happened and whom you believe as responsible.

Please sign and date. The complaint will not be accepted if it has not been signed. You may attach any written materials or other supporting information you think is relevant to your complaint.
